

## ITPS Projected Implementation Schedule - January 2015

### Current Program

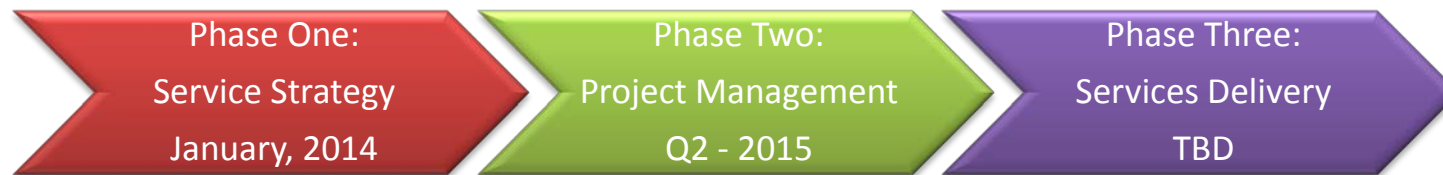

The following categories are being replaced by new categories (see the [New Category Rollout](#) section below). There will be no more solicitation events for these categories. As master contracts go live for new categories, corresponding master contracts for these categories will terminate.

Category	Status
<b>1. IT Funding Request, Financial Analysis</b>	<b>No longer active; Replaced 3/25/14</b>
<b>2. IT Business Analysis</b>	<b>No longer active; Replaced 3/25/14</b>
3. External IT QA and Independent Verification & Validation (IV&V)	Currently active; To be replaced; Permanently closed
4. IT Project Management	Currently active; To be replaced; Permanently closed
5. Technology Architecture Planning & Development	Currently active; To be replaced; Permanently closed
6. Security Analysis	Currently active; To be replaced; Permanently closed
7. Enterprise Content Management	Currently active; To be replaced; Permanently closed
<b>8. Contingency &amp; Disaster Recovery Planning</b>	<b>No longer active; Replaced 3/25/14</b>
9. Systems Analysis	Currently active; To be replaced; Permanently closed
10. Network & System Administration	Currently active; To be replaced; Permanently closed
11. Software Quality Assurance & Testing	Currently active; To be replaced; Permanently closed
12. Desktop Applications Development & Training	Currently active; To be replaced; Permanently closed
13. Geographic Information Systems Application Development	Currently active; To be replaced; Permanently closed
14. Workstation Installation & Support	Currently active; To be replaced; Permanently closed
15. Client Server, Web & N-Tier Application Development	Currently active; To be replaced; Permanently closed
16. General Mainframe Development	Currently active; To be replaced; Permanently closed
17. General Database Administrator/Database Developer/Data Analyst	Currently active; To be replaced; Permanently closed

During the transition, there will be some overlap in category availability. After a category has been replaced, activities for new work orders are no longer to be coordinated for that category. Work orders entered into prior to a category's termination may be completed under the master contract terms and conditions in effect when the work orders were executed.

### New Category Rollout

DES is currently rolling out new ITPS categories which will replace the legacy categories above in three phases. The following is a projection of new categories and an estimated schedule.

#### PHASE ONE: SERVICE STRATEGY

DES has coordinated solicitations intended to prequalify vendors to compete for work in these three categories. These solicitations have closed. An open application process in which additional vendors may attempt to prequalify is currently in development.

Category	Solicitation Number	Solicitation Status
IT Funding / Financial Analysis	RFQ 04113	Closed and awarded; Contracts effective 1/15/14
IT Business Analysis	RFQ 05613	Closed and awarded; Contracts effective 1/15/14
Continuity of Operations / Disaster Recovery	RFQ 05813	Closed and awarded; Contracts effective 1/15/14

#### PHASE TWO: PROJECT MANAGEMENT

DES is engaged with a customer advisory team in developing requirements for the following categories identified below. Upon receipt of finalized categories and requirements, DES will coordinate solicitations intended to prequalify vendors to compete for work in those categories.

Category	Solicitation Number	Solicitation Status
QA and IV&V	RFQ 09914	In Development; Estimated Posting: Second Quarter 2015

Project Management	RFQ 09314	In Development; Estimated Posting: Second Quarter 2015
Testing	RFQ 10014	In Development; Estimated Posting: Second Quarter 2015
<b>Application Development: Client / Server</b>	RFQ 08814	In Development; Estimated Posting: Second Quarter 2015

### PHASE THREE: SERVICES DELIVERY

A customer advisory team has identified the following as possible categories for the final phase of the rollout. Upon receipt of finalized categories and requirements, DES will coordinate solicitations intended to prequalify vendors to compete for work in those categories.

Category	Solicitation Number	Solicitation Status
<b>Application Development: Database</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Application Development: GIS</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Application Development: Infrastructure</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Application Development: Mainframe</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Application Development: Mobile</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Application Development: Web</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Client / Server</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Database</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: GIS</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Infrastructure</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Mainframe</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Mobile</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Security: Web</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration: Client / Server</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration: Database</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration: GIS</b>	TBD	Estimated posting: TBD; Contingent upon receipt of requirements

<b>Systems Administration:</b> Infrastructure	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration:</b> Mainframe	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration:</b> Mobile	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Administration:</b> Web	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Client / Server	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Database	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> GIS	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Infrastructure	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Mainframe	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Mobile	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Systems Analysis:</b> Web	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Client / Server	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Database	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> GIS	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Infrastructure	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Mainframe	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Mobile	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
<b>Technical Solution Architecture:</b> Web	TBD	Estimated posting: TBD; Contingent upon receipt of requirements
